Dennis and Will, please find attached a revised "Closing the Gap on Forestry Management Measures" document. This document has been reviewed by the EPA/NOAA/NMFS tech team and some changes have been made.

## **Ex. 5 - Deliberative**

# **Ex. 5 - Deliberative**

Additionally, the section on herbicides has had the benefit of NOAA and NMFS review and reflects their revisions.

While we know that things are on hold for an exchange of letters, we propose to move forward and offer an informational meeting to ODF/ODEQ staff and managers to go over our decision document and answer any questions they may have. We are tentatively planning for such a meeting to occur sometime in late March.

Please let me know if you have any questions or would like to discuss revisions made to the attached "Gaps..." document.
